17 March, 2017

Dear Sir / Madam,

We take the opportunity to inform that Ministry of Railways has launched an ambitious program of redeveloping the larger stations in India (about 400) to international standards by leveraging the real estate potential of vacant railway land and airspace in and around the stations into iconic structures reflecting the culture and character of the cities and provide state-of-the-art facilities to the travelling public and the residents of the cities. This would provide immensely large investment opportunities for the developers.

2. In the first phase, Bids have been invited for 23 stations.
3. The bid documents and stations details for these 23 stations are available on Indian Railway's website [www.indianrailways.gov.in/StationRedevelopment](http://www.indianrailways.gov.in/StationRedevelopment).
4. We shall be grateful if you could kindly circulate the information about the Tender to all esteemed members of your Organization/Association to consider participation in the bidding process.

With regards,

Yours Sincerely,

(Raj Kamal)

Second Secretary (Eco) & HOC
